Dear Mr. Stephens:

I received your letter of July 25<sup>th</sup>, approving our request for grant funds to purchase two "AED" units for our new police station. On behalf of all the members of the La Mesa Police Department, I would like to thank you and all the members of the San Diego County Law Enforcement Foundation for this generous award. Information about the grant award will be featured on the City's website, [www.cityoflamesa.com](http://www.cityoflamesa.com), in the "News and Announcements" section.

I hope that you and other members of the Foundation will be able to join us in September for the dedication of the new police station. I will send you event details once we have finalized the date and time.

Yours truly,

Alan Lanning  
Chief of Police
